

## Cumberland Valley District Determination

The Cumberland Valley District has continued to score in the **NEEDS INTERVENTION** category for the third year.

A determination of **NEEDS INTERVENTION** means that the district must continue to seek out targeted technical assistance and training resources on topics specific to the areas of noncompliance. This will include intensive technical assistance and monthly monitoring calls with the Point of Entry Manager and other key stakeholders as well as the implementation of a state directed corrective action plan.

Indicators 1, 7 and 8 are compliance indicators. The target is set by the Office of Special Education Programs (OSEP).
